PAT PEND

PLASTGrommet plastic eyelets are a revolutionary alternative to traditional metal eyelets.

They are perfect for outdoor use as they will not tarnish or rust and as they are UV protected they will not fade in sunlight. Plastgrommet is ideal for applications where weight is a major consideration. They are ideal for use where metal eyelets are undesirable, for example with foodstuffs. Plastgrommet eyelets do not conduct electricity or heat and can be used in temperatures from -40°C to $+65^{\circ}\text{C}$.

12mm

8mm

PLASTGrommet eyelets are available in hole diameters of 8mm and 12mm and in a variety of colours*.

*see over for sample colours

- PLASTGrommet eyelets are recyclable
- PLASTGrommet eyelets do not need heat to be set
- Suitable for use in extremes of temperature (-40°C to $+65^{\circ}\text{C}$)
- PLASTGrommet eyelets are ideal for outdoor use as they do not rust or tarnish

- PLASTGrommet eyelets can be set using traditional eyelet machines (including automatic machines)

Plastic Eyelets

Colour Samples

PLASTGrommet Plastic eyelets are available in standard black, white and transparent and can be colour matched to the customers specifications, either in opaque or translucent colour. Simply give us a colour reference and we will do the rest.

DTP can supply dies to suit any type of machine, together with hand closing tools and hole cutters for manual operation, all to suit any type of fastener.

Please ask our Sales Office staff for any technical assistance with eyelet or machine selection. Our Engineering Department will be pleased to discuss special applications for all of our machines to help solve any of your fastening problems.

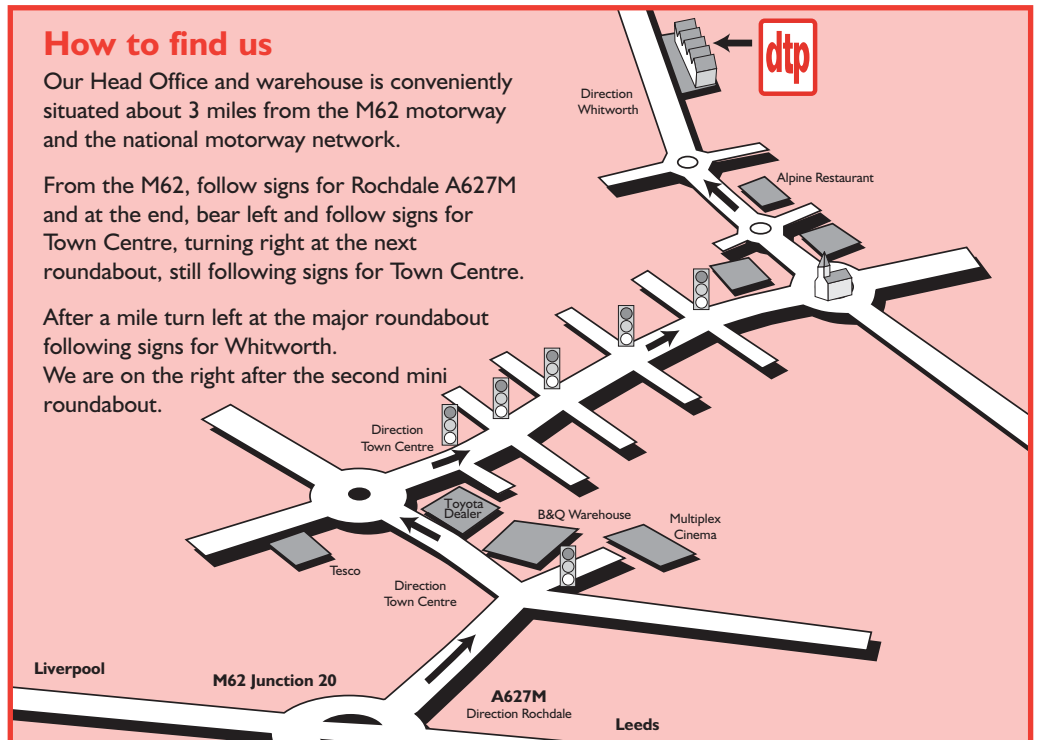

How to find us

Our Head Office and warehouse is conveniently situated about 3 miles from the M62 motorway and the national motorway network.

From the M62, follow signs for Rochdale A627M and at the end, bear left and follow signs for Town Centre, turning right at the next roundabout, still following signs for Town Centre.

After a mile turn left at the major roundabout following signs for Whitworth.

We are on the right after the second mini roundabout.

242 Whitworth Road,
Rochdale,
Lancashire
